#### REVIEW OF 2017 BUDGET SUMMARY REPORT

Mr. Rick McCabe reviewed with the Council the key assumptions and significant changes to the 2017 budget. He stated as follows:

- The 2017 budget includes \$185,000 per month in sales tax revenue. The average collections to date are approximately \$208,000 per month. The budget also includes an additional line item for the ½ cent sales tax increase earmarked for the Fayette Medical Center of \$400,000 with an appropriation line item of \$400,000.
- The 2017 budget includes alcohol taxes of \$8,333.00. He stated the Council had previously determined the alcohol taxes were to be used for paying the paving note.
- Budgeted expenditures include a one-time salary adjustment of \$500 for all full-time employees. There were no changes in the Blue Cross premiums.
- The budget includes capital expenditures totaling \$360,235 of which police vehicles totaling \$114,000 and a street department tractor totaling \$125,000 will be leased/financed.
- The budget includes appropriations for the Aging Program, Schools and AirEvac memberships but these appropriations are contingent upon funding availability.
- The 2017 budget has a total budgeted surplus of \$120,779. After deducting restricted revenues, there is an unrestricted budgeted surplus of \$56,229.
- Police Chief Danny Jenkins developed a new pay scale for the Police Department and it is reflected in the budget in the amount of \$18,750.
- The additional street employees are reflected in the budget.

The changes in the Fair Labor Standards Act were discussed. Employees can be exempt from overtime if they meet two test – a duties test and salary test. There has been a major change in the salary test. Currently an employee could meet the salary test if they make over \$23,660.00 annually. As of December 1, 2016, an employee will have to make at least \$47,476.00 annually to meet the salary test.

The Council discussed a new pumper truck. Fire Chief Ellis said a new pumper truck would cost over \$350,000.00. In the 2016 budget, \$100,000 was designated for a new pumper truck.

#### ADJOURNMENT
